

3 Courses

Foundations of Linux

Linux Administration and Storage

Advanced Linux Networking and Security

Dec 15, 2025

**Georg Schröjahr**

has successfully completed the online, non-credit Specialization

## **CompTIA Linux+ (XK0-005)**

Congratulations on successfully completing the CompTIA Linux+ (XK0-005) course! This program equipped you with critical Linux skills, including system installation, advanced administration, automation scripting, and security implementation. You have gained practical experience in managing Linux environments, troubleshooting issues, deploying containers, and ensuring system performance and security. This certification validates your proficiency, preparing you for the CompTIA Linux+ exam and advancing your IT career.
